## JAPS LOSE SUPPLIES

**CENTRAL RENNENKAMPFF'S COS-  
SAGKS CAPTURE TWO TRANS-  
PORT COLUMNS.**

## RUMOR OF RUSSIAN DEFEAT

**CZAR'S FORCES SAID TO HAVE  
ABANDONED FIFTY GUNS  
NEAR YINKOW.**

London, May 25.—The correspondent of the Morning Post at Mukden, under date of May 24, says it is reported there that General Rennenkampff's Cossacks captured two Japanese transport columns, thus leaving the Japanese army without supplies in a difficult country.

## ABANDON FIFTY GUNS

**RUSSIANS SAID TO HAVE BEEN  
BADLY DEFEATED IN BATTLE  
NEAR YINKOW.**

London, May 25.—Included in a score of rumors from the far East is one sent by the Shanghai correspondent of the Morning Post to the effect that the Russians have been defeated near Yinkow, abandoning fifty guns, and that General Kuropatkin has been advised by Viceroy Alexieff to retreat to Harbin.

The Seoul correspondent of the Daily Telegraph says that Kinchau is being besieged by the Japanese and its surrender is momentarily expected.

## SCENE OF GREATEST BATTLE.

**General Kuropatkin Will Try to Check  
Japs at Liaoyang.**

London, May 25.—The Telegraph's Newchwang correspondent declares that General Kuropatkin is determined to check the Japanese at Liaoyang, where, probably the greatest battle of the war will be fought. He adds that the Japanese land operations against Port Arthur are meeting with little success and that General Stoessel and General Fock continue to make well directed but desperate sorties against the advance of the Japanese, who are fighting with stubborn determination, almost unequalled in history. Several hundred Japanese have been killed during the past few days. Japanese reinforcements are arriving daily from Pitsewo and Polandien, according to this correspondent.

## SLAUGHTER OF JAPS

**FIVE BATTALIONS ARE ENTIRELY  
WIPED OUT BY THE RUS.  
SIAN ARTILLERY.**

Liaoyang, May 25.—A report has been received from Newchwang saying that on May 18 five battalions of Japanese troops reconnoitered to the south almost as far as Kinchow and ran into Major General Fock's artillery, which was strongly posted on the heights in a narrow section of the Liaotung peninsula, and that the Japanese were entirely wiped out. The report lacks confirmation.

General Kuropatkin has just returned here from a tour of inspection of the Russian camps, with the general health of which he is greatly pleased.

## SKIRMISHING CONTINUES.

**Cossacks Generally Drive Back the  
Japanese Forces.**

Liaoyang, May 25.—There is continued skirmishing between the Russian cavalry and the Japanese. Cossacks are pressing the Japanese in the hills and byroads, generally driving them back.

The general plan of the Japanese has not been divulged. They are apparently marking time, awaiting the arrival of reserves from Korea, who have been delayed owing to the impracticability of the roads.

The Japanese are sending all invalids in the direction of the Yalu to a central hospital.

The Chinese report the destruction of another Japanese battleship off Port Arthur, but the report is unconfirmed and is not credited.

Several Japanese who landed from tanks near Port Arthur and started toward the town with the intention of dynamiting the docks were captured and shot.

The Russian wounded are recovering rapidly. Several wounded soldiers deserted from the hospital and stole back to the front.

A typhoon is raging off the coast.

## EVACUATE FENGHUANCHENG.

**Japs Occupy Villages in Surrounding  
Territory.**

Liaoyang, May 25.—It is reported from a Chinese source that the Japanese have evacuated Fenghuancheng and are occupying villages in the surrounding territory. There is no explanation of this move, but it is thought that it may be connected with the prevailing cholera epidemic.

Prince Hilkeff, minister of railroads, has arrived here from Harbin.

## VESSELS NEAR PORT ARTHUR.

**But No Sounds of Firing Have Since  
Been Heard.**

Chefoo, May 25.—Four Japanese cruisers and a fleet of torpedo boats and torpedo boat destroyers passed between Port Arthur and the Miaotao islands at 4 o'clock Wednesday morning, but no sounds of firing have yet been heard.

## RUMOR BUSY WITH THE WAR.

**But Little Credence Is Placed in the  
Varying Statements.**

London, May 25.—Rumor is unceasingly busy with the war, but little credence is placed in the varying statements in the absence of official confirmation.

The Mail's correspondent at Shimonoseki, Japan, cabling under date of May 24, asserts that active preparations are in progress for the reduction of Port Arthur, and that these preparations will be entrusted to a carefully chosen force of veterans forming part of the Third army. Very heavy artillery, the correspondent says, is being landed on the Liaotung peninsula.

Dispatches to the Telegraph show that on May 16 the Japanese headquarters were still at Fenghuancheng. This the correspondents attribute to the necessity for joint action with the Japanese army which has landed at Pitsewo. They explain that communication has not yet been established between the two Japanese armies, but that it is expected to be effected within a few days. The dispatches say that the telegraph lines between Fenghuancheng and the south have been cut by Russians disguised as Chinese.

A Russian transport is moving from Liaoyang in the direction of Mukden, but it is not known whether this means a retirement of the army or merely the removal of winter clothing, which is no longer needed. The movements of war correspondents, the dispatches say, are limited to a radius of a mile and a half from Fenghuancheng.

The Russians have again removed their guns and troops to forts at Newchwang.

## MAY FILE A PROTEST.

**Washington Government Seeks Re-  
ports on Floating Mines.**

Washington, May 25.—Through our ministers abroad the naval attaches of the United States have been instructed to report upon the number and danger to neutral shipping of war mines floating off the Manchurian coast. The information will be placed in the hands of the naval general board, who will submit its views to the president and if occasion warrants it, representations will be made to the belligerents.

## GETS CONSENT OF TURKEY.

**Russian Baltic Fleet May Pass the  
Dardanelles.**

Vienna, May 25.—It is reported that Russia has obtained the consent of Turkey for the passage of her Baltic fleet through the Dardanelles.

## FRANCE WILL ASSIST

**PROMISES TO AID RUSSIA IN  
CASE CHINA BECOMES TOO  
AGGRESSIVE.**

Paris, May 25.—The Solt claims that it has learned from a trustworthy source that Lieutenant General Baron Fredericks and another member of the Russian court who recently visited Paris came on a secret mission which had for its purpose the seeking of the intervention and effective support of the French government in the event of China adopting an aggressive attitude toward the Russians in Manchuria. The paper alleges that the gave a formal promise of compliance with Russia's request.

## TAKEN UP BY SPEECHMAKING.

**Methodist General Conference Holds  
Two Sessions.**

Los Angeles, Cal., May 25.—The Methodist general conference held two long sessions Tuesday. The greater part of the day was taken up in speech making incident to fixing the places of Episcopal residences. The following places were selected:

New York, Boston, Philadelphia, Nashville, Buffalo, Cincinnati, Chattanooga, St. Louis, Chicago, Minneapolis, Denver, Portland, Ore.; San Francisco, Zurich, Switzerland; Buenos Ayres and Shanghai.

At the morning session editors for ten church publications were elected, the Epworth Herald being omitted from the list. It will come up for special action after the report of the Epworth League committee shall have been presented to the conference. There was very little interest in the selection of editors, and in most cases there was but one nomination.

The judiciary committee made a special report upon the question as to whether the Philippine field could be treated as "foreign territory," with reference to the missionary bishop situation, and decided that it might be so treated.

## Killed by a Woman.

Indianapolis, May 25.—Joseph Hastings, forty-five years old, was shot and killed Tuesday afternoon by Mrs. Frank Hicks. The woman says Hastings insulted her.

## HILL AS A WITNESS

**PRESIDENT OF THE GREAT NORTH-  
ERN RAILWAY TALKS ON DE-  
CLINE OF SHIPPING**

## COUNTRY NEEDS A MARKET

**SAYS COST OF PRODUCTION IS SO  
HIGH WE CAN EXPORT BUT  
A FEW ARTICLES.**

New York, May 25.—James J. Hill, president of the Northern Securities company and of the Great Northern railway, appeared Tuesday afternoon as a witness before the merchant marine commission, the joint congressional committee which is investigating the causes of the decline of American shipping in order to suggest measures for remedial legislation.

"The first thing necessary," said Mr. Hill, "is to create a desire in the people of this country to own ships. It is a purely commercial question. If there is a profit in it, people will engage in it; if a loss, it is a question how long people will stick."

"Our conditions on the high seas as a nation seem hard to meet. On land, in spite of high rates of labor, the United States has been able to work out a system without an equal."

"Why we are not able to do this on the high seas is not clear to me and as far as I have investigated it I believe that no amount of direct bonuses will build it into a life worth living."

"What the country wants is a market. Outside of our agricultural products, cotton, grain, oil, there are very few things we can export because cost of production is so high. We cannot sell them. If we could carry those products in our own bottoms it would be a source of great profit."

## Build Ships Abroad Cheaper.

"They can build ships in England much cheaper than here. Citizens of other countries have owned ships for the past forty years to a greater extent than we."

"I have had experience in building two ships, the largest freight carriers in the world, and I don't want any more."

Mr. Hill said his two ships, built as experiments, cost 23 to 30 per cent more to build here than abroad. Continuing, he said:

"I would rather undertake to build 1,000 miles of railroad than two ships. It has taken four years instead of two, what through strikes and other delays. If we are going to buy a merchant marine out of the treasury of the country it won't last long. We must give people confidence to invest."

"In Japan they have built up a large marine, they have paid tonnage but I do not remember the details."

"Our business on the Pacific is hard; we have to compete with all nations and they are fighting very hard for the Oriental trade. And I think that we have placed obstructions in the way of this trade. We cannot comply with the regulations placed on us and compete with ships of other nations. We have been forced out."

## Must Get People Interested.

"I don't think you will make much of a success of buying a merchant marine; it won't stay with you. You must get people interested, but there does not seem to be much disposition on the part of people to go into shipping."

Mr. Hill said we had very few sailors, and they would not work when they had money.

"How are we going to get back a merchant marine?" asked Mr. McDermott.

"If you are willing to put a tonnage tax on all that goes to a foreign market, everything that goes out of the country, even to new markets, I think you would get the ships. That would come out of the people."

Mr. Hill said Senator Hanna opened his ship subsidy campaign in Ohio after Mr. Hill had told him he could not get ships to carry cotton to Japan. Mr. Hill admitted being pessimistic over the outlook and said:

"There are only two courses open; either an export bounty or government assistance which would rise into very large figures."

He placed those figures at \$10,000,000 or \$15,000,000, with a limit of ten years on the subsidy, so the favored party could make the cost of his plant. Otherwise he would sell out to his competitor.

## KILLED BY LIGHTNING.

Desk.**

La Crosse, Wis., May 25.—W. J. Brewster, editor of the Onelaska Record, was killed by lightning at his desk Tuesday afternoon. The Onelaska German Lutheran church was struck and burned to the ground and considerable other damage was wrought.

## BE YOUR OWN JUDGE

**Mi-o-na Costs You Nothing if it Does  
Not Cure, Say H. P. Dunn  
& Co.**

Mi-o-na, the remarkable cure for dyspepsia, has won fame by the unusual way in which it is sold. It is the only remedy offered for the cure of dyspepsia which costs the user absolutely nothing unless it cures.

H. P. Dunn & Co., the popular druggists, are selling a great many packages of Mi-o-na and with every 50c box is given their personal guarantee to refund the money if Mi-o-na does not give satisfaction, you to be your own judge as to whether the remedy helps or not.

Mi-o-na is an unusual combination, regulating the digestive organs and removing irritation, congestion and inflammation from the stomach, liver and intestines. It enables those organs to extract from the food all that goes to make good, rich blood, firm muscle, steady nerves and a sound body.

Mi-o-na puts the digestive system into proper working order, gives health, strength and good flesh, and is the only natural cure for indigestion. Even in chronic cases, where life is one long drawn out pain, this remedy will effect a cure. It is the simplest and most reliable of all remedies. Just one small tablet before or after meals and you can eat what you want and when you want with no distress.

If Mi-o-na does not do all that is claimed for it, H. P. Dunn & Co. will cheerfully return your money.

## DEMOCRATS OF OHIO

**ANTI-HEARST FACTION WILL BE  
IN COMPLETE CONTROL OF  
STATE CONVENTION.**

Columbus, O., May 25.—The preliminary meeting Tuesday of the Democratic state convention that convenes here today demonstrated that the Conservatives were in control two to one on their opposition to Hearst, but divided among themselves on presidential preferences for James Kilbourne of Columbus and Jackson Harmon of Cincinnati and other propositions. These preliminary skirmishes also demonstrated that neither "the old guard," known as the Conservatives, nor "the Hearst-Bryan-Johnson men," known as the Radicals, had a leader.

Mayor Johnson of Cleveland, who has been the recognized leader in his party in Ohio for the past two years, was Tuesday unable to control the votes of the two state committeemen from his own city, whom he had put on the committee one year ago, and the same was true of other members of the state central committee whom he had selected.

While there was no leader on the ground, there was much comment that the old following of John R. McLean, publisher of the Cincinnati Enquirer, was again in control. McLean is expected to succeed himself as the Ohio member of the Democratic national committee and be a factor at the St. Louis convention. The state committeemen from Cleveland even voted to seat the McLean delegates from Cincinnati whose seats were contested by Johnson men.

The committee on resolutions refused to reaffirm the Chicago and Kansas City platforms and left the enunciation of national principles to the St. Louis convention. The platform severely arraigns the national and state administrations. Resolutions for the preservation of the Ohio canal system and for the endorsement of James Kilbourne for president were defeated. The resolutions provide for the unit rule at St. Louis.

## SCHEDULES OF SULLY & CO.

Liabilities.**

Of the indebtedness \$1,369,462 are unsecured. The schedules mention \$50,000 of indebtedness which it is said should be paid by other parties.

Sully personally has an indebtedness of \$344,059 and assets of \$2,074,429.

the Morning Post to the effect that  
the Russians have been defeated near

## SCENE OF GREATEST BATTLE.

General Kuropatkin Will Try to Check  
Japs at Liaoyang.

London, May 25.—The Telegraph's  
Newchwang correspondent declares  
that General Kuropatkin is determined  
to check the Japanese at Liaoyang,  
where probably the greatest battle of  
the war will be fought. He adds that  
the Japanese land operations against  
Port Arthur are meeting with little

Pitewo and Polandien, according to  
this correspondent.

## SLAUGHTER OF JAPS

FIVE BATTALIONS ARE ENTIRELY  
WIPED OUT BY THE RUS-  
SIAN ARTILLERY.

Liaoyang, May 25.—A report has  
been received from Newchwang say-  
ing that on May 18 five battalions of  
Japanese troops reconnoitered to the  
south almost as far as Kinchow and  
ran into Major General Fock's artill-  
ery, which was strongly posted on the  
heights in a narrow section of the  
Liaotung peninsula, and that the  
Japanese were entirely wiped out.  
The report lacks confirmation.

General Kuropatkin has just re-  
turned here from a tour of inspection  
of the Russian camps, with the general  
health of which he is greatly pleased.

## SKIRMISHING CONTINUES.

Cossacks Generally Drive Back the  
Japanese Forces.

Liaoyang, May 25.—There is con-  
tinued skirmishing between the Rus-  
sian cavalry and the Japanese. Cos-  
sacks are pressing the Japanese in the  
hills and byroads, generally driving  
them back.

The general plan of the Japanese  
has not been divulged. They are ap-  
parently marking time, awaiting the  
arrival of reserves from Korea, who  
have been delayed owing to the im-  
possibility of the roads.

The Japanese are sending all in-  
valids in the direction of the Yalu to  
a central hospital.

The Chinese report the destruction  
of another Japanese battleship off Port  
Arthur, but the report is unconfirmed  
and is not credited.

Several Japanese who landed from  
boats near Port Arthur and started  
toward the town with the intention of  
destroying the docks were captured  
and shot.

The Russian wounded are recovering  
rapidly. Several wounded soldiers  
deported from the hospital and stole  
back to the front.

A typhoon is raging off the coast.

## EVACUATE FENGHUANCHENG.

Japs Occupy Villages in Surrounding  
Territory.

Liaoyang, May 25.—It is reported  
from a Chinese source that the Jap-  
anese have evacuated Fenghuancheng  
and are occupying villages in the sur-  
rounding territory. There is no ex-  
planation of this move, but it is  
thought that it may be connected with  
the prevailing cholera epidemic.

Prince Hilkoft, minister of railroads,  
has arrived here from Harbin.

## VESSELS NEAR PORT ARTHUR.

But No Sounds of Firing Have Since  
Been Heard.

Chefoo, May 25.—Four Japanese  
cruisers and a fleet of torpedo boats  
and torpedo boat destroyers passed  
between Port Arthur and the Miaotao  
islands at 4 o'clock Wednesday morn-  
ing, but no sounds of firing have yet  
been heard.

## RUMOR BUSY WITH THE WAR.

But Little Credence Is Placed in the  
Varying Statements.

London, May 25.—Rumor is unceas-  
ingly busy with the war, but little  
credence is placed in the varying  
statements in the absence of official  
confirmation.

The Mail's correspondent at Shi-  
monoseki, Japan, cabling under date  
of May 24, asserts that active prepara-  
tions are in progress for the reduc-  
tion of Port Arthur, and that these  
preparations will be entrusted to a  
carefully chosen force of veterans  
forming part of the Third army. Very  
heavy artillery, the correspondent  
says, is being landed on the Liaotung  
peninsula.

Dispatches to the Telegraph show  
that on May 16 the Japanese head-  
quarters were still at Fenghuancheng.  
This the correspondents attribute to  
the necessity for joint action with the  
Japanese army which has landed at  
Pitewo. They explain that communi-  
cation has not yet been established be-  
tween the two Japanese armies, but  
that it is expected to be effected with-  
in a few days. The dispatches say  
that the telegraph lines between Feng-  
huancheng and the south have been cut  
by Russians disguised as Chinese.

A Russian transport is moving from  
Liaoyang in the direction of Mukden,  
but it is not known whether this  
means a retirement of the army or  
merely the removal of winter clothing,  
which is no longer needed. The move-  
ments of war correspondents, the dis-  
patches say, are limited to a radius  
of a mile and a half from Fenghuancheng.

The Russians have again removed  
their guns and troops to forts at New-  
chwang.

## MAY FILE A PROTEST.

Washington, May 25.—Through our

## FRANCE WILL ASSIST

Paris, May 25.—The Soir claims  
that it has learned from a trust-  
worthy source that Lieutenant Gen-  
eral Baron Fredericks and another  
member of the Russian court who re-  
cently visited Paris came on a secret  
mission which had for its purpose the  
seeking of the intervention and effec-  
tive support of the French government  
in the event of China adopting an ag-  
gressive attitude toward the Russians  
in Manchuria. The paper alleges that  
the gave a formal promise of com-  
pliance with Russia's request.

Los Angeles, Cal., May 25.—The  
Methodist general conference held two

part of the day was taken up in speech-

ing places were selected:

Nashville, Buffalo, Cincinnati, Chatta-

this trade. We cannot comply with  
the regulations placed on us and com-  
pete with ships of other nations. We  
have been forced out."

## Must Get People Interested.

"I don't think you will make much  
of a success of buying a merchant ma-  
rine; it won't stay with you. You  
must get people interested, but there  
does not seem to be much disposition  
on the part of people to go into ship-  
ping."

Mr. Hill said we had very few sail-  
ors, and they would not work when  
they had money.

"How are we going to get back a  
merchant marine?" asked Mr. Mc-  
Dermott.

"If you are willing to put a tonnage  
tax on all that goes to a foreign mar-  
ket, everything that goes out of the  
country, even to new markets, I think  
you would get the ships. That would  
come out of the people."

Mr. Hill said Senator Hanna opened  
his ship subsidy campaign in Ohio  
after Mr. Hill had told him he could  
not get ships to carry cotton to Japan.  
Mr. Hill admitted being pessimistic  
over the outlook and said:

"There are only two courses open;  
either an export bounty or government  
assistance which would rise into very  
large figures."

He placed those figures at \$10,000,  
000 or \$15,000,000, with a limit of ten  
years on the subsidy, so the favored  
party could make the cost of his plant.  
Otherwise he would sell out to his  
competitor.

## BE YOUR OWN JUDGE

Mi-o-na Costs You Nothing if it Does  
Not Cure, Say H. P. Dunn  
& Co.

Mi-o-na, the remarkable cure for dys-  
pepsia, has won fame by the unusual  
way in which it is sold. It is the only  
remedy offered for the cure of dyspepsia  
which costs the user absolutely nothing  
unless it cures.

H. P. Dunn & Co., the popular drug-  
gists, are selling a great many packages  
of Mi-o-na and with every 50c box is  
given their personal guarantee to re-  
fund the money if Mi-o-na does not  
give satisfaction, you to be your own  
judge as to whether the remedy helps or  
not.

Mi-o-na is an unusual combination,  
regulating the digestive organs and re-  
moving irritation, congestion and inflam-  
mation from the stomach, liver and in-  
testines. It enables those organs to ex-  
tract from the food all that goes to make  
good, rich blood, firm muscle, steady  
nerves and a sound body.

Mi-o-na puts the digestive system in-  
to proper working order, gives health,  
strength and good flesh, and is the only  
natural cure for indigestion. Even in  
chronic cases, where life is one long  
drawn out pain, this remedy will effect  
a cure. It is the simplest and most re-  
liable of all remedies. Just one small  
tablet before or after meals and you can  
eat what you want and when you want  
with no distress.

If Mi-o-na does not do all that is  
claimed for it, H. P. Dunn & Co. will  
cheerfully return your money.

## DEMOCRATS OF OHIO

ANTI-HEARST FACTION WILL BE  
IN COMPLETE CONTROL OF  
STATE CONVENTION.

Columbus, O., May 25.—The prelim-  
inary meeting Tuesday of the Demo-  
cratic state convention that convenes  
here today demonstrated that the Con-  
servatives were in control two to one  
on their opposition to Hearst, but di-  
vided among themselves on presiden-  
tial preferences for James Kilbourne  
of Columbus and Judson Harmon of  
Cincinnati and other propositions.  
These preliminary skirmishes also  
demonstrated that neither "the old  
guard," known as the Conservatives,  
nor "the Hearst-Bryan-Johnson men,"  
known as the Radicals, had a leader.

Mayor Johnson of Cleveland, who  
has been the recognized leader in his  
party in Ohio for the past two years,  
was Tuesday unable to control the votes  
of the two state committeemen from  
his own city, whom he had put on the  
committee one year ago, and the same  
was true of other members of the state  
central committee whom he had se-  
lected.

While there was no leader on the  
ground, there was much comment that  
the old following of John R. McLean,  
publisher of the Cincinnati Enquirer,  
was again in control. McLean is ex-  
pected to succeed himself as the Ohio  
member of the Democratic national  
committee and be a factor at the St.  
Louis convention. The state commit-  
teemen from Cleveland even voted to  
seat the McLean delegates from Cin-  
cinnati whose seats were contested by  
Johnson men.

The committee on resolutions refus-  
ed to reaffirm the Chicago and Kansas  
City platforms and left the enunciation  
of national principles to the St. Louis  
convention. The platform severely  
arraigns the national and state admin-  
istrations. Resolutions for the preserva-  
tion of the Ohio canal system and for  
the endorsement of James Kilbourne  
for president were defeated. The resolu-  
tions provide for the unit rule at St.  
Louis.

## SCHEDULES OF SULLY & CO.

Show That Assets Exceed All Their  
Liabilities.

New York, May 25.—The schedules  
filed by Sully & Co., the cotton brok-  
ers, in the United States district  
court Tuesday show firm liabilities of  
\$3,568,936 and assets of \$4,119,627. Of  
the indebtedness \$1,369,462 are un-  
secured. The schedules mention \$50,-  
000 of indebtedness which it is said  
should be paid by other parties.

Sully personally has an indebtedness  
of \$344,059 and assets of \$2,074,429.

forming at Calhoun to lynch him.

We do not credit this report but will say that if Mr. Eddy has put his destiny in the hands of the men who have brought Collins into disgrace he, too, might as well step down and out with Collins."

DULUTH and St. Louis county are practically solid Dunn strongholds and will send a delegation to the state convention that will vote first, last and all the time for the Princeton candidate for governor. The Collins boomers through their official mouthpiece, the Minneapolis Journal, in retaliation are endeavoring to throw discredit upon Duluth and one of her honorable citizens, Joseph B. Cotton, by attempting to create a sentiment against Mr. Cotton who has been elected a delegate to the national republican convention and who has been asked to second the nomination of President Roosevelt. The public can draw their own inference—it is a rule or ruin policy and the opposition to Dunn are carrying it out with a high hand.

Republican County Convention.

A republican county convention for the county of Crow Wing will be held at the court house in the city of Brainerd on Tuesday, June 22, 1904, at 2 p. m., for the purpose of electing 12 delegates to the state convention to be held at St. Paul, Minn., on Thursday, June 30, 1904, at which time candidates for state offices will be nominated.

The basis of representation in this convention shall be one for each 25 votes or a major fraction thereof cast for William McKinley for president in 1900, each precinct to be entitled to at least one delegate in said county convention as follows:

The primaries for the election of delegates to this convention shall be held on Saturday, June 25, 1904, from 7 until 8:30 p. m., at the usual polling place in said precinct. When the hour of holding the primary election has arrived, the primary shall be called to order by the chairman or secretary of the precinct committee, or in their absence by some other qualified voter of the party, and the qualified voters of the party present shall then choose, by a viva voce vote, from their number a chairman, a clerk of election and two judges of election. The clerk of election shall take the same oath of office as that required by the general election law of the state, and the chairman will administer the oath to any voter whose vote is challenged. The clerk of the election shall keep minutes of the proceedings of the election, as also a register of the names and addresses of all persons voting at said primary election. All delegates shall be elected by ballot. Upon the close of the poll, count and make announcement of the vote. The chairman will furnish the delegates with the proper credentials and report forthwith to the county committee.

The chairman and judges should familiarize themselves with the election law and strictly adhere to the same. Care should be exercised by the chairman and secretary to see that delegates are properly provided with their credentials. Be sure to attend to this matter.

SUDDEN DEATH OF  
MRS. MINNIE DEAN

Estimable Young Lady Taken to Hospital Yesterday, Died Last Night At 8 o'clock.

REMAINS ARE SHIPPED EAST

Large Turnout of Boilermakers Who Escorted Body to the Railway Station.

Mrs. Minnie Dean, wife of Charles Dean, living on Tenth street north, died very suddenly last night at St. Joseph's hospital from uremic convulsions caused by acute Bright's disease. She had been sick but a few days and a doctor was called for the first time yesterday. The lady was in rather bad shape then and she was ordered taken to the hospital where she died last evening about 8 o'clock.

The deceased was but 27 years of age and she is survived by her husband and one child. She has been a resident of this city for sometime and was well known on the north side as an estimable lady. Mr. Dean is employed in the boiler shops.

The remains were taken to the Losey & Dean undertaking parlors where they were prepared for shipment. Just before the southbound passenger pulled out this afternoon the remains were carried to the N. P. depot by the fellow-workers of Mr. Dean and there was a very large turnout of boilermakers in line. The remains were taken to Rochester, Ind., for burial.

Mr. Dean is half crazed with grief over the sudden taking away of his beloved wife and he has the sympathy of a large number of friends in the city.

# CORSETS!

HOW quaint the word sounds! Carries one away back to Grandmother's days, when due and laborious homage was paid to the bodice, the synonym for stays; these were the days when stays were faithfully drawn to the figure by the aid of the bedpost, what a responsibility rested on laces; quite as much falls on the jarreteller or hose supporter; and now, with scientific thought bestowed on the foundation of dress, the term stays is coming into use, as in sweet long ago. We have the make—the

passed upon by celebrated modistes as excelling for nicety of detail, exactness of fit, any stay of modern make. They are bound with "Whalebone" of the genuine, durable quality that went into the stays of Queen Elizabeth's days, and the fabrics are quite as beautiful in their plain texture and brocaded effects or the gorgeous weaves used in the Elizabethan age, but the shape—well, they have the staying virtues without rigidity, graceful in contour, giving any form, from the slimmest to the stoutest, the fashionable, pleasing contour with great comfort and ease. Mrs. Minnie Dean, wife of Charles Dean, living on Tenth street north, died very suddenly last night at St. Joseph's hospital from uremic convulsions caused by acute Bright's disease. The lady was in rather bad shape then and she was ordered taken to the hospital where she died last evening about 8 o'clock.

The deceased was but 27 years of age and she is survived by her husband and one child. She has been a resident of this city for sometime and was well known on the north side as an estimable lady. Mr. Dean is employed in the boiler shops.

The remains were taken to the Losey & Dean undertaking parlors where they were prepared for shipment. Just before the southbound passenger pulled out this afternoon the remains were carried to the N. P. depot by the fellow-workers of Mr. Dean and there was a very large turnout of boilermakers in line. The remains were taken to Rochester, Ind., for burial.

## PLEASANT EPOCH IN CHURCH CIRCLES

Bible Study Class Made a Beautiful Presentation to Rev. Harry Knowles

**THE CLOSE OF WINTER SERIES**

Of Studies by Class Having Covered "Studies of the Life of Jesus Christ."

The Bible study class of the First M. E. church, which has been held during the winter of 1903-4, with the pastor as teacher, and under whom the meetings have been very interesting and helpful, met last evening at the parsonage and completed the study for the season, having covered the "Studies in the Life of Christ."

After the study of the lesson for the evening the class presented their teacher with a handsome rocker, the presentation being made by Miss Thomas, president of the class, and the following short address was read:

"We, the Bible Study Class of 1903-4, do wish, in a measure, to show our appreciation of your efforts in helping us to understand the lessons of Divine truth, by bringing to us higher conceptions, clearer views and broader visions of the Christ life, which has been our study for the past few months, and showing to us through the ideal life of Christ in its birth, growth and development and the application to the practical side of life in such a manner that we trust has brought us into closer fellowship with the great Christ, who in His life taught as never man taught, and these teachings you have helped us to understand more clearly and comprehend more fully the beauty of His character as a man among men, and our duty and responsibility."

"In begging of you to accept this chair as a small token of remembrance, we recognize the fact that your service, given through love for Christ's cause, is beyond the price of gold or silver and can only be repaid by the crown which awaits those who have given up all to follow Him."

"We hope that your sojourn in this city of Brainerd may be beneficial in restoring to you the strength needed to carry on Christ's work in His vineyard and pray that your ministry here may be instrumental in bringing in many souls from the darkness of sin into the glorious light of the Christ life, to feel the touch of His kindly hand and to do His bidding."

"We pray God's blessing upon yourself and family and if after we have separated, we should not meet again here below, may we all meet in an unbroken class to be forever with Christ around the great White Throne."

Rev. Knowles made a brief fitting reply expressing his gratitude for the intense interest taken in the work just completed, and for the kindly remembrance of the class.

Miss Thomas, president, was thereon presented with a souvenir pillow, from the class, one side having the inlaid open bible and the other the names of the members of the class in gold letters. The presentation being made, light refreshments were served and a social hour was very enjoyably spent by all present.

Next Sunday morning Rev. Knowles will give an illustrated Blackboard Lecture covering the work of the class during the winter on, "Studies in the Life of Christ."

### DON'T LEAVE THE CITY

Plenty of proof right here in Brainerd.

Claim is one thing, proof another. Columbus claimed the world was round.

Did people believe it? Not until he proved it.

Unproven claims have made the people skeptics.

Every claim made for the "Little Conqueror" is proven.

Proven in Brainerd by local experience.

Here is one case from the many we have.

Mrs. J. H. Zellers of 63 Main st. says: "I believe that after what Doan's Kidney Pills did for me they will help anyone similarly troubled. Before using them, I suffered for six months from my kidneys there was a miserable feeling of pressure over those organs and the secretions were scanty. 'Besides this there was a heavy pain across the small of my back. A box of Doan's Kidney Pills were gotten at the nearest drug store and as I was glad to try anything to obtain relief. I took the pills and really they acted like a charm. I can truthfully say that I have not a symptom since. In my old condition I could not do a half day's work without my back giving me no end of trouble."

## NEWS FROM BIG JEWEL

Gentleman Who Visits Big Jewel Mining Properties in Sixes River District, Oregon.

The following communication is taken from the Port Orford Tribune:

Editor Tribune:—Feeling elated over my recent trip and visit in the upper Sixes and its tributaries, and that a brief description of the work and works that came under my observation, I intrude these few lines upon you.

A firm represented by Gage & Son, of Park Rapids, Minn., have secured options on about a dozen placer mining claims that lie along the bed of the main Sixes river, and are making preparations to begin with a dredger being built expressly for the purpose. In the meantime teams are busy hauling lumber from the Big Jewel Mill, of which I will speak later. They also are preparing with a drill to prospect in various new places, and there seems to be plenty of capital behind this firm.

The mineral resources of Sixes are still an unknown quantity, but enough is known at present that gold, silver, platinum and iridosmine, a new and precious metal resembling platinum and of greater commercial value than gold, are found in paying quantities, even with such rude appliances as a miner can single handed without other capital except his pluck, construct and operate to a paying end.

I am informed that there is hardly a foot of mining ground in the whole Sixes but has been located.

The change of ownership of the coal deposit on the upper river to an Eastern capitalist, who talks as if, if the prospects prove his expectations, that there will be trouble to organize and build a railroad to the seacoast.

Mr. Olsen, who has bonded the Madden black sand mine, has telegraphed that he has perfected his organization, and they have secured control of the valuable and paying mining property. And Mr. Olsen's plans are to bring additional water on, with a great head, or pressure, and operate the mine on a scale never before attempted. Our county surveyor, D. Cunniff, Jr., passed through Port Orford with his instruments, bound for this mine, to do some surveying preliminary to the beginning of the work.

It was my pleasure to be the guest of Mr. C. A. Jamieson, Supt. of the Big Jewel Mine, and he took great pride in showing me over the work this company has done and has under way.

And he may justly be proud. In my half day's travel over the large ditch, and high and long trestles, I needed not to be a miner to see that the work had been done in a thorough and substantial manner.

The great and expensive precaution that Supt. Jamieson took last fall to clear away all threatening standard timber, both on the rim of the ditch and below it, and on the hillside above, saved many an expensive slide. Only one place in three miles of ditch had a small slide into the ditch, and this, he said, he fully expected, for he had not finished the slope before he shut down for the season. The trestles suffered no damage whatever by the severe rains and heavy windstorms, and he took great pride in trotting over them on a single stringer 130 feet in the air.

Over twenty men are already employed upon the works, and Supt. Jamieson has an experienced crew, and general satisfaction exists among them. He expects to begin soon to let the water flow into the flume and ditch in the upper end, to test and keep the flumes from drying out.

Welch & Gilmer Seek to Recover Damages from N. P. for Loss of Horses.

The time in the district court was occupied all day today with the case of Welch & Gilmer vs the Northern Pacific Railway company. The plaintiffs seek to recover damages for the loss of some horses in a wreck. The case will be completed this afternoon.

After this case there will be another interesting case called, that of Clifton A. Albright, as executor of the estate of Loren E. Warren, deceased, vs the Northern Pacific Railway company. This is an action brought to recover from the Northern Pacific the value of several deer hides which were shipped from Brainerd to New York about two years ago. The hides were seized at St. Paul by a game commission agent and Mr. Albright sues the N. P. company for not delivering the same. W. W. Bane appears for the plaintiff and Polk & Polk appear for the defendant company.

## ANNIE GRONG ON CARPET AGAIN

For the Third Time the Police Pick up Annie Grong on the Charge of Vagrancy and Lodge her in Jail

Annie Grong, a familiar figure in the municipal court, is again on the carpet and is charged for the third time with being a vagrant. The woman seems to be slightly off mentally and something should be done with her, the officers think. She has been about the streets for weeks and months and while not an obnoxious character has bothered the police more or less. The court this time imposed a fine of \$25 or a sentence of thirty days in the city jail. The woman's home is said to be at Battle Lake. She has been sent to Fergus Falls once, where she says her people live, but came back again.

### A Bridge in Bad Shape.

While the board of county commissioners was in session Tuesday morning a telephone message was received from a member of the Motley board of supervisors to the effect that the bridge across the Crow Wing river near Motley was in a bad shape owing to damage by high water during the spring and that as the river was very high now the bridge was liable to go out any time. The commissioners could not make any appropriation at this time but instructed the supervisors to go ahead and repair the bridge and bring in a bill. The county will stand two-thirds of the expense. It is thought it will cost about \$150 to repair the bridge.—Transcript.

Cunniff, Jr., passed through Port Orford with his instruments, bound for this mine, to do some surveying preliminary to the beginning of the work.

It was my pleasure to be the guest of Mr. C. A. Jamieson, Supt. of the Big Jewel Mine, and he took great pride in showing me over the work this company has done and has under way.

And he may justly be proud. In my half day's travel over the large ditch, and high and long trestles, I needed not to be a miner to see that the work had been done in a thorough and substantial manner.

The great and expensive precaution that Supt. Jamieson took last fall to clear away all threatening standard timber, both on the rim of the ditch and below it, and on the hillside above, saved many an expensive slide. Only one place in three miles of ditch had a small slide into the ditch, and this, he said, he fully expected, for he had not finished the slope before he shut down for the season. The trestles suffered no damage whatever by the severe rains and heavy windstorms, and he took great pride in trotting over them on a single stringer 130 feet in the air.

Over twenty men are already employed upon the works, and Supt. Jamieson has an experienced crew, and general satisfaction exists among them. He expects to begin soon to let the water flow into the flume and ditch in the upper end, to test and keep the flumes from drying out.

**LAKE VESSELS TO SAIL**

**EMPLOYERS' ASSOCIATION OR-  
DERS MEMBERS TO START  
THEIR BOATS.**

**ARBITRATION NOT FAVORED**

**LAKE CARRIERS DO NOT WANT  
CIVIC FEDERATION TO END  
THE TROUBLE.**

Cleveland, O., May 25.—The executive committee of the Lake Carriers' association has wired the members of that association to "start your boats as soon as you are ready." It is understood that enough men have been secured to start some of the boats and these will be got on way as soon as possible. The members of the committee will not make known their plans, but they expect the advice to start the boats as soon as possible to be followed in a number of cities.

It is understood that some of the masters to be taken into service are those who have commissions, but have not sailed for some years, but have been employed in other lines of marine work.

Regarding the efforts of the Civic Federation to arbitrate the differences between the Lake Carriers and the Masters and Pilots, Mr. William Livingston said that no arbitration can be had so long as there is a principle at stake.

**ATTENDS SCHOOL EXERCISES.**  
President Roosevelt the Center of At-  
traction at Groton, Mass.

Groton, Mass., May 25.—Groton school's celebration of its twentieth anniversary Tuesday was rendered especially notable by the presence and participation in the exercises of President Roosevelt. With all the enthusiasm of his nature the president entered into the spirit of the day and he voiced his thorough enjoyment of the ceremonies and surroundings of the occasion in his farewell remarks to the student body.

President Roosevelt and his party arrived at the Groton school at 9:35 a. m. It was an ideal spring day. From the moment of the president's cordial and characteristic reception by the students until he rose in his carriage as it was leaving the school grounds and waved his silk hat to the boys who yet were giving him their school yell, the president was the center about which all the exercises of the day revolved. He attended the chapel exercises at 10:30 o'clock, delivered an address, forceful and witty, at the annual prize day ceremonies in the gymnasium at noon, was the guest at a luncheon served under a great tent on the campus at 2 o'clock and passed the remainder of the afternoon talking about the beautiful grounds with personal friends, scores of whom had come from Boston and nearby cities to attend the ceremonies.

President Roosevelt and party left Groton at 5:52 in the afternoon.

**STRANGE MATRIMONIAL TANGLE.**  
Georgia Woman and Her Husband Ar-  
rested for Bigamy.

Atlanta, Ga., May 25.—Married, de-  
serted, married again, thinking her first husband dead, learning after-  
ward that he had married his own  
stepmother, and then arrested on the  
charge of bigamy, is the fate of Mrs.  
Pearl Lesage, or Mrs. Marshall, of  
Oakland City. Equally strenuous was  
the day for W. Marshall, a private in  
Company I, Sixteenth regiment, U. S. A., stationed at Fort McPherson. Marshall is the second husband of Mrs. Lesage, or Marshall, and was arrested by the marshal of Oakland City on the charge of bigamy and when Mrs. Lesage or Marshall went to the jail to ascertain the cause of the arrest of her second husband she was arrested on the charge of bigamy. The pecu-  
liar part of the whole affair is that Lesage, the first husband of the woman, is said to have married his own stepmother, and is now residing at Plattsburg Barracks, N. Y.

**ORDERS A GENERAL STRIKE.**  
President Curran Calls Out Freight  
Handlers.

New York, May 25.—Lawrence J. Curran, president of the International Freight Handlers' union, sent out telegrams last evening to representa-  
tives of the union along the line of the New York, New Haven and Har-  
tford railroad, calling on them to call out all freight handlers Wednesday. He said that he would go to Jersey City to order out the freight handlers on the Pennsylvania railroad, as he believed that road is giving assistance to the New York, New Haven and Hartford.

While President Curran was sending out the telegrams, a conference between representatives of the truck owners' association of this city and representatives of the International Brotherhood of Teamsters was being held here at which, after a session lasting over five hours, an agreement was signed abolishing strikes and lock-outs for a period of one year.

**FAVORS CLOSER RELATIONS.**  
Committee of Presbyterian Church in  
the United States.

Mobilis, Ala., May 25.—The commit-  
tee on closer relations submitted its  
report Tuesday before the general as-  
sembly of the Presbyterian Church of  
the United States.

After citing the general desire for  
closer relations between the different  
organizations the report says:

"We recommend that this assembly,  
wishing to promote closer fraternity  
in a spirit of love and candor, appoint  
a committee of six ministers and three  
ruling elders, which committee shall  
be named by the moderator, who shall  
be authorized and empowered to con-  
fer with similar committees that may  
be appointed by other Presbyterian  
reformed churches, when notified that  
it is the wish of such other churches  
to enter into conference with us."

"And the committee appointed by  
this assembly is to confer on the sub-  
ject of closer relations with such  
churches as enter the conference with  
a view to discover on this subject, the  
obstacles that may stand in the way  
of closer fellowship, and whether and  
how such obstacles can be removed."

**HOME MISSION WORK.**  
Presbyterians Discuss the Desirability  
of Its Extension.

Buffalo, N. Y., May 25.—The work  
of the Presbyterian general confer-  
ence consisted of a federation of home  
missions, the report of the standing  
committee being presented by Rev.  
John F. Carson of Brooklyn, the chair-  
man. The report dwelt upon the desir-  
ability of the Presbyterian church  
pursuing a more systematic course in  
the matter of funds for home mis-  
sions and advocated a union of efforts  
among the churches to that end. The necessity  
of extending home mission work was  
emphasized, with particular reference  
to strengthening the work among the  
Mormons. As part of the report Dr.  
Carson stated that "we heartily com-  
mend the work of the Christian women  
of all denominations in carrying on so  
successful a campaign against the in-  
iquity of Mormonism."

pected.

**DEBATE NOT CONCLUDED.**

**Cumberland General Assembly Still  
Discussing Union.**  
Dallas, Tex., May 25.—Debate upon  
the most momentous problem which  
the Cumberland Presbyterian church  
has faced in years, that of the union  
of that organization with the Presby-  
terian Church of the United States of  
America, occupied the attention of the  
general assembly here during almost  
the entire day. When the recess was  
taken in the afternoon there were  
still others ready to participate in the  
discussion. There is no positive indi-  
cation as to when the debate will end,  
nor what will be the result of the vote.

Four of the members of the assem-  
bly spoke on the subject, touching  
mainly on the three generally mooted  
points in the confession of the Presby-  
terian Church of the United States of  
America:

Fatalism, or the doctrine of pre-  
destination, the race question and the  
educational qualifications of ministers.

The contest, specifically, is upon the  
adoption or rejection of a resolution  
recommending the report of the com-  
mittee on fraternity and union to the  
presbyteries for adoption, which re-  
port declares for the union of the  
churches.

Rev. S. M. Templeton and Judge F.  
E. Beard spoke in favor of union.  
Judge William Pendergast and Rev.  
J. L. Hudgins spoke against the pro-  
posed union.

**PROPOSITION IS APPROVED.**  
Methodist Protestant Conference in  
Favor of Union.

Washington, May 25.—With enthu-  
sastic approval the Methodist Protes-  
tant conference Tuesday received the  
proposition for church union embrac-  
ing their denomination, the Congrega-  
tionalists and the United Brethren. A  
committee of fifteen delegates was ap-  
pointed to take the matter under im-  
mediate consideration that decisive  
action may be had before the end of  
the conference.

The conference unanimously en-  
dorsed the interchurch movement for  
uniform laws of marriage and divorce  
and authorized a committee of three  
to represent the denomination in this  
regard.

**Brazilian Pavilion Opened.**  
St. Louis, May 25.—The beautiful  
pavilion erected by Brazil at the  
world's fair was formally opened  
Tuesday night. May 24 was chosen  
as the date of the opening ceremonies,  
as it marks the anniversary of the  
greatest battle in South America's  
history, when on May 24, 1865, Brazil  
and Paraguay fought at Tuyuty, Para-  
guay.

**ONE PASSENGER KILLED.**  
Minneapolis Street Car Struck by a  
Train.

Minneapolis, May 25.—An interurban  
car bound for St. Paul was struck by  
a Milwaukee train at the railroad  
crossing on Washington avenue south-  
east. The car was hurled completely  
from the tracks and turned over.

Andrew Jackson of Sisseton, S. D.,  
had his head cut off. He was about  
fifty years old and was a cousin of  
R. E. Thompson, a well known Minne-  
apolis lumberman.

Several other passengers were hurt,  
but none of them dangerously.

A mistake in signals was responsi-  
ble for the collision.

**FIGHT FOR MINNESOTA LAND.**  
Case of Russell Sage Carried to the  
Supreme Court.

Washington, May 25.—The case of  
Russell Sage, assignee for the Hast-  
ings and Dakota Railroad company,  
vs. Theodore A. Maxwell, was con-  
sidered in the supreme court of the United  
States Tuesday. The case arose out  
of a dispute over title to the land  
within the indemnity limits of the  
Hastings and Dakota railway in Min-  
nesota, of which it is claimed that  
there should originally have been  
922,182 acres. Maxwell claimed under  
a homestead entry and his contention  
was sustained by the Minnesota state  
supreme court. This is a test case.

**Painters and Decorators to Strike.**  
Boston, May 25.—At a conference  
which continued until 2 o'clock this  
morning, 1,609 painters and decorators  
employed in this city voted to go out  
on strike today. The men had de-  
manded an increase in wages of 20  
cents a day, which was refused.

The prizes will be sent out immediately after the close of the contest.

The competition is open to all. The only conditions being  
that for each five different ways of spelling Egg-O-See you must  
send in one of the little printed folders, same as used in the  
school children's drawing contest, found on the inside of each  
package of Egg-O-See. For instance if you have 15 different  
spellings it would be necessary to send three folders. Be sure  
and write your name and address plainly. The spelling  
must be such as could properly be pronounced Egg-O-  
See. The school children to whom we have paid  
thousands of prizes for drawings can all enter into this con-  
test with equal chance of gaining a prize. Save the  
little folders in the Egg-O-See packages and make out as many  
ways of spelling as you can, and then ask your parents and friends  
to add to the list. Here are a few ways of spelling Egg-O-See: Eg-O-Sea,  
Egg-Oh-Cee, Egg-O-Sy, Egg-O-Cie.

**We offer these prizes to more thoroughly familiarize  
the people with the merits of Egg-O-See, the best of  
all flaked wheat foods. It is now generally conceded  
that flaked wheat is the most healthful and convenient  
of all foods, and Egg-O-See is displacing 90 per cent of  
all other kinds, because of its superior quality and  
cheaper price.**

Ask Your Grocer for the Green Package.  
If your grocer does not keep it, send us his name and 10 cents  
and we will send you a package, prepaid.

**Sure  
Relief for Women.**

No. 18 Central Ave.  
HOT SPRING, ARK., April 30, 1903.

Eighteen months ago I was so completely run down  
that my body ached from head to foot. My back seemed  
to break in two and I suffered intense pain in the lower  
abdomen. I could not afford to lay off and take a rest,  
and no medicine helped me any.

A friend told me how much Wine of Cardui built her  
up and advised me by all means to take it. The day I took  
the first dose the recovery of my health began. It was  
nearly three months before I was entirely cured, but at  
the end of that time I was in better health than I had been for seven years.

I look on Wine of Cardui as the  
most blessed medicine that a  
woman could possibly take when  
she feels sick and tired of life.

**Anna Nelson**  
ORATOR, WEDNESDAY CHAUTAUQUE CLUB.

**WINE of CARDUI**

Mrs. Nelson describes the condition of thousands of women. That con-  
dition comes by slow stages. Usually the important function of menstruation  
is at first slightly irregular. Then comes the painful periods. Bearing-down  
pains and ovarian inflammation follow. Finally the nervous system gives way  
and the whole system has become affected and the pains rack the body from  
head to foot.

**LAKE CARRIERS DO NOT WANT

THE TROUBLE.**

Cleveland, O., May 25.—The executive committee of the Lake Carriers' association has wired the members of that association to "start your boats as soon as you are ready." It is understood that enough men have been secured to start some of the boats and these will be got on way as soon as possible. The members of the committee will not make known their plans, but they expect the advice to start the boats as soon as possible to be followed in a number of cities.

It is understood that some of the masters to be taken into service are those who have commissions, but have not sailed for some years, but have been employed in other lines of marine work.

Regarding the efforts of the Civic Federation to arbitrate the differences between the Lake Carriers and the Masters and Pilots, Mr. William Livingston said that no arbitration can be had so long as there is a principle at stake.

**ATTENDS SCHOOL EXERCISES.**

President Roosevelt the Center of Attraction at Groton, Mass.

Groton, Mass., May 25.—Groton school's celebration of its twentieth anniversary Tuesday was rendered especially notable by the presence and participation in the exercises of President Roosevelt. With all the enthusiasm of his nature the president entered into the spirit of the day and he voiced his thorough enjoyment of the ceremonies and surroundings of the occasion in his farewell remarks to the student body.

President Roosevelt and his party arrived at the Groton school at 9:35 a. m. It was an ideal spring day. From the moment of the president's cordial and characteristic reception by the students until he rose in his carriage as it was leaving the school grounds and waved his silk hat to the boys who yet were giving him their school yell, the president was the center about which all the exercises of the day revolved. He attended the chapel exercises at 10:30 o'clock, delivered an address, forceful and witty, at the annual prize day ceremonies in the gymnasium at noon; was the guest at a luncheon served under a great tent on the campus at 2 o'clock and passed the remainder of the afternoon a rolling about the beautiful grounds with personal friends, scores of whom had come from Boston and nearby cities to attend the ceremonies.

President Roosevelt and party left Groton at 5:52 in the afternoon.

**STRANGE MATRIMONIAL TANGLE.**

Georgia Woman and Her Husband Arrested for Bigamy.

Atlanta, Ga., May 25.—Married, deserted, married again, thinking her first husband dead, learning afterward that he had married his own stepmother, and then arrested on the charge of bigamy, is the fate of Mrs. Pearl Lesage, or Mrs. Marshall, of Oakland City. Equally strenuous was the day for W. Marshall, a private in Company I, Sixteenth regiment, U. S. A., stationed at Fort McPherson. Marshall is the second husband of Mrs. Lesage, or Marshall, and was arrested by the marshal of Oakland City on the charge of bigamy and when Mrs. Lesage or Marshall went to the jail to ascertain the cause of the arrest of her second husband she was arrested on the charge of bigamy. The peculiar part of the whole affair is that Lesage, the first husband of the woman, is said to have married his own stepmother, and is now residing at Plattsburgh Barracks, N. Y.

**ORDERS A GENERAL STRIKE.**

President Curran Calls Out Freight Handlers.

New York, May 25.—Lawrence J. Curran, president of the International Freight Handlers' union, sent out telegrams last evening to representatives of the union along the line of the New York, New Haven and Hartford railroad, calling on them to call out all freight handlers Wednesday. He said that he would go to Jersey City to order out the freight handlers on the Pennsylvania railroad, as he believed that road is giving assistance to the New York, New Haven and Hartford.

While President Curran was sending out the telegrams, a conference between representatives of the truck owners' association of this city and representatives of the International Brotherhood of Teamsters was being held here at which, after a session lasting over five hours, an agreement was signed abolishing strikes and lock-outs for a period of one year.

Committee of Presbyterian Church in the United States.

Mobile, Ala., May 25.—The committee on closer relations submitted its report Tuesday before the general assembly of the Presbyterian Church of the United States.

After citing the general desire for closer relations between the different organizations the report says:

"We recommend that this assembly, wishing to promote closer fraternity in a spirit of love and candor, appoint a committee of six ministers and three ruling elders, which committee shall be named by the moderator, who shall be authorized and empowered to confer with similar committees that may be appointed by other Presbyterian reformed churches, when notified that it is the wish of such other churches to enter into conference with us."

"And the committee appointed by this assembly is to confer on the subject of closer relations with such churches as enter the conference with a view to discover the real sentiment of the churches on this subject, the obstacles that may stand in the way of closer fellowship, and whether and how such obstacles can be removed."

**HOME MISSION WORK.**

Presbyterians Discuss the Desirability of Its Extension.

Buffalo, N. Y., May 25.—The work of the Presbyterian general conference consisted of a federation of home missions, the report of the standing committee being presented by Rev. John F. Carson of Brooklyn, the chairman. The report dwelt upon the desirability of the Presbyterian church pursuing a more systematic course in the matter of funds for home missions and advocated a union of efforts among the churches to that end. The necessity of extending home mission work was emphasized, with particular reference to strengthening the work among the Mormons. As part of the report Dr. Carson stated that "we heartily commend the work of the Christian women of all denominations in carrying on so successful a campaign against the iniquity of Mormonism."

**DEBATE NOT CONCLUDED.**

Cumberland General Assembly Still Discussing Union.

Dallas, Tex., May 25.—Debate upon the most momentous problem which the Cumberland Presbyterian church has faced in years, that of the union of that organization with the Presbyterian Church of the United States of America, occupied the attention of the general assembly here during almost the entire day. When the recess was taken in the afternoon there were still others ready to participate in the discussion. There is no positive indication as to when the debate will end, nor what will be the result of the vote.

Four of the members of the assembly spoke on the subject, touching mainly on the three generally mooted points in the confession of the Presbyterian Church of the United States of America:

Fatalism, or the doctrine of predestination, the race question and the educational qualifications of ministers.

The contest, specifically, is upon the adoption or rejection of a resolution recommending the report of the committee on fraternity and union to the presbyteries for adoption, which report declares for the union of the churches.

Rev. S. M. Templeton and Judge F. E. Beard spoke in favor of union, Judge William Pendergast and Rev. J. L. Hudgins spoke against the proposed union.

**PROPOSITION IS APPROVED.**

Methodist Protestant Conference in Favor of Union.

Washington, May 25.—With enthusiastic approval the Methodist Protestant conference Tuesday received the proposition for church union embracing their denomination, the Congregationalists and the United Brethren. A committee of fifteen delegates was appointed to take the matter under immediate consideration that decisive action may be had before the end of the conference.

The conference unanimously endorsed the interchurch movement for uniform laws of marriage and divorce and authorized a committee of three to represent the denomination in this regard.

**Brazilian Pavilion Opened.**

St. Louis, May 25.—The beautiful pavilion erected by Brazil at the world's fair was formally opened Tuesday night. May 24 was chosen as the date of the opening ceremonies, as it marks the anniversary of the greatest battle in South America's history, when on May 24, 1865, Brazil and Paraguay fought at Tuyuty, Paraguay.

**ONE PASSENGER KILLED.**

Minneapolis Street Car Struck by a Train.

Minneapolis, May 25.—An interurban car bound for St. Paul was struck by a Milwaukee train at the railroad crossing on Washington avenue southeast. The car was hurled completely from the tracks and turned over.

Andrew Jackson of Sisseton, S. D., had his head cut off. He was about fifty years old and was a cousin of R. B. Thompson, a well known Minneapolis lumberman.

Several other passengers were hurt, but none of them dangerously.

A mistake in signals was responsible for the collision.

**FIGHT FOR MINNESOTA LAND.**

Case of Russell Sage Carried to the Supreme Court.

Washington, May 25.—The case of Russell Sage, assignee for the Hastings and Dakota Railroad company, vs. Theodore A. Maxwell, was docketed in the supreme court of the United States Tuesday. The case grows out of a dispute over title to the land within the indemnity limits of the Hastings and Dakota railway in Minnesota, of which it is claimed that there should originally have been 922,182 acres. Maxwell claimed under a homestead entry and his contention was sustained by the Minnesota state supreme court. This is a test case.

**Painters and Decorators to Strike.**

Boston, May 25.—At a conference which continued until 2 o'clock this morning, 1,609 painters and decorators employed in this city voted to go out on strike today. The men had demanded an increase in wages of 20 cents a day, which was refused.

**Sure Relief for Women.**

No. 18 Central Ave.  
HOT SPRINGS, ARK., April 30, 1903.

Eighteen months ago I was so completely run down that my body ached from head to foot. My back seemed to break in two and I suffered intense pain in the lower abdomen. I could not afford to lay off and take a rest, and no medicine helped me any.

A friend told me how much Wine of Cardui built her up and advised me by all means to take it. The day I took the first dose the recovery of my health began. It was nearly three months before I was entirely cured, but at the end of that time I was in better health than I had been for seven years. I look on Wine of Cardui as the most blessed medicine that a woman could possibly take when she feels sick and tired of life.

**Anna Nelson**  
ORATOR, WEDNESDAY CHAUTAUQUA CLUB.

**WINE of CARDUI**

Mrs. Nelson describes the condition of thousands of women. That condition comes by slow stages. Usually the important function of menstruation is at first slightly irregular. Then comes the painful periods. Bearing-down pains and ovarian inflammation follow. Finally the nervous system gives way and the whole system has become affected and the pains rack the body from head to foot.

Wine of Cardui is a menstrual regulator of established reputation. No woman who takes it suffers as Mrs. Nelson suffered. It gives speedy and complete relief from the torturing menstrual agonies which are making so many women invalids today. Do not let yourself come to the pitiable condition Mrs. Nelson describes.
